ABOUT VISTRY GROUP

WE CREATE PLACES WHERE PEOPLE LOVE TO LIVE, FORMING SUSTAINABLE COMMUNITIES THAT ARE BUILT TO LAST.

WHO WE ARE

We are the UK's leading provider of affordable mixed tenure homes, leading the way in tackling the housing crisis while meeting the aspirations of our customers and clients with our values-led approach. Delivering thousands of homes every year for the private and affordable market places, the heritage and reputation of our brands, Countryside Homes, Bovis Homes and Linden Homes, speak for themselves.

WHY WE ARE HERE

Our purpose as a responsible developer is to work in partnership to deliver sustainable homes, communities and social value, leaving a lasting legacy of places people love.

WHAT WE DO

We specialise in creating high-quality homes and sustainable communities that are not only beautiful but built to

last. Through our partnerships model we look to reuse land wherever possible, focusing on high quality mixed-tenure developments that deliver positive social impact for those communities, with placemaking at the heart of what we do.

We work with a range of stakeholders including partners, investors, landowners, housing associations, government bodies, local authorities and the communities in which we build.

HOW WE DO IT

We design our homes with future residents in mind, by building more sustainably and by working hand in hand with local communities and partners. We nurture a solid team spirit with people who live our values of integrity, caring and quality and deliver on our ethos of doing the right thing.
